

ENVIRONMENTAL POLICY

5.2 Policy

The NARMCO Group is a Tier 1 supplier of production and E-coat painting of small to medium sized metal stampings and assemblies for the automotive industry. Our strong economic performance is consistent with its strong environmental performance. We strive for continuous growth and development through resource.

The following are environmental principles in which we are committed to and abide by to conduct our daily business practices:

- We are committed to the protection of the environment, prevention of pollution and continual improvement to enhance our environmental performance.
- We will comply with relevant environmental compliance obligations and other customer specific requirements.

Our policy is communicated to all of our employees and persons working on behalf of the organization, and is documented, implemented and maintained. In addition, our policy is made public to interested parties through postings located in the lobby of each NARMCO Tier 1 facility as well as available on the NARMCO website.

The Emission Summary Table and Acoustic Assessment Summary Table is available for inspection by interested members of the public upon request; Also results of NPRI is available on the website.

In compliance to this policy, related environmental procedures and performances will be reviewed periodically and audited twice a year at; Central Stamping Ltd., Canadian Electrocoating Ltd, Prince Metal Products, Nartech Metal Products and Prince Metal Stampings.
